# Tres formas de corregir su perfil de Autor en Scopus

## 1. Desde el [Author Feedback Wizard homepage](#):

The screenshot shows the Scopus Author Feedback Wizard interface. At the top, the Scopus logo is on the left, and navigation links for Search, Sources, Alerts, Lists, Help, SciVal, and a user profile (Eleonora Presani) are on the right. The main heading is "Author Feedback Wizard". Below this, a section titled "Here you can:" lists actions: "Set a preferred name", "Merge profiles", "Add and remove documents", and "Update affiliation". The search section features three tabs: "Basic Search", "Author ID Search", and "ORCID Search". The "Basic Search" tab is circled in red, with a callout box stating "Múltiples opciones de búsqueda". Below the tabs are two input fields: "Author last name" (with the example "e.g. Smith") and "Author first name" (with the example "e.g. J.L."). Below these fields are two optional buttons: "+ Name Variant" and "+ Affiliation", which are also circled in red, with a callout box stating "Busque más nombres al mismo tiempo". A "Search" button is located at the bottom left of the search area. The footer contains three columns of links: "About Scopus" (What is Scopus, Content coverage, Scopus blog, Scopus API, Privacy matters), "Language" (日本語に切り替える, 切换到简体中文, 切换到繁體中文, Русский язык), and "Customer Service" (Help, Contact us).

The Scopus Author Identifier assigns a unique number to groups of documents written by the same author via an algorithm that matches authorship based on a certain criteria. If a document cannot be confidently matched with an author identifier, it is grouped separately. In this case, you may see more than one entry for the same author. ×
